“Driving Operational Solutions”

Business Testing = BT Test and Evaluation Methodology for Business Systems

12 May 2010

Mr. Keith E. Seaman

Acting Director, BTA Component Acquisition Executive

It's Not About Technology... It's About Capability

Report Documentation Page				Form Approved OMB No. 0704-0188	
Public reporting burden for the collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Washington Headquarters Services, Directorate for Information Operations and Reports, 1215 Jefferson Davis Highway, Suite 1204, Arlington VA 22202-4302. Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to a penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.					
1. REPORT DATE 12 MAY 2010		2. REPORT TYPE		3. DATES COVERED 00-00-2010 to 00-00-2010	
4. TITLE AND SUBTITLE Business Testing = BT Test and Evaluation Methodology for Business Systems				5a. CONTRACT NUMBER	
				5b. GRANT NUMBER	
				5c. PROGRAM ELEMENT NUMBER	
6. AUTHOR(S)				5d. PROJECT NUMBER	
				5e. TASK NUMBER	
				5f. WORK UNIT NUMBER	
7. PERFORMING ORGANIZATION NAME(S) AND ADDRESS(ES) Business Transformation Agency, Acquisition Executive ,Washington,DC,20301				8. PERFORMING ORGANIZATION REPORT NUMBER	
9. SPONSORING/MONITORING AGENCY NAME(S) AND ADDRESS(ES)				10. SPONSOR/MONITOR'S ACRONYM(S)	
				11. SPONSOR/MONITOR'S REPORT NUMBER(S)	
12. DISTRIBUTION/AVAILABILITY STATEMENT Approved for public release; distribution unlimited					
13. SUPPLEMENTARY NOTES 7th Annual Acquisition Research Symposium to be held May 12-13, 2010 in Monterey, California.					
14. ABSTRACT					
15. SUBJECT TERMS					
16. SECURITY CLASSIFICATION OF:			17. LIMITATION OF ABSTRACT Same as Report (SAR)	18. NUMBER OF PAGES 20	19a. NAME OF RESPONSIBLE PERSON
a. REPORT unclassified	b. ABSTRACT unclassified	c. THIS PAGE unclassified			

“It is imperative that business operations run flexibly, adaptively, and with greater velocity than ever before to support warfighters with the information and resources they need, when they need them.”

DEPUTY SECRETARY OF DEFENSE

Gordon R. England

It's Not About Technology... It's About Capability

DBSAE Mission and Vision

Deliver Business Capability to Warfighters

Be recognized as a World Class Acquisition Organization and Trusted Provider of Transformational Business Capabilities

Develop, operate, and drive successful implementation of Combat Support Business Enterprise Solutions for the Warfighter that deliver a solid Foundation for Sovereign Operations for the United States of America

Accomplished through:

- Transformation and Innovation
- Transitioning proven systems to sustainment
- A Trained, Agile and Ready Workforce;
 - Skilled
 - Motivated
 - Ethical
 - Diverse

**Rapid Acquisition
On Schedule & On Cost**

FY10 National Defense Authorization Act directs a "New Acquisition Process" based on DSB... must be designed to include:

- Early and continued user involvement
- Multiple, rapidly executed increments or releases of capability
- Early, successive prototyping to support evolutionary approaches
- Congressional report in in 270-days
- Modular open-system approach

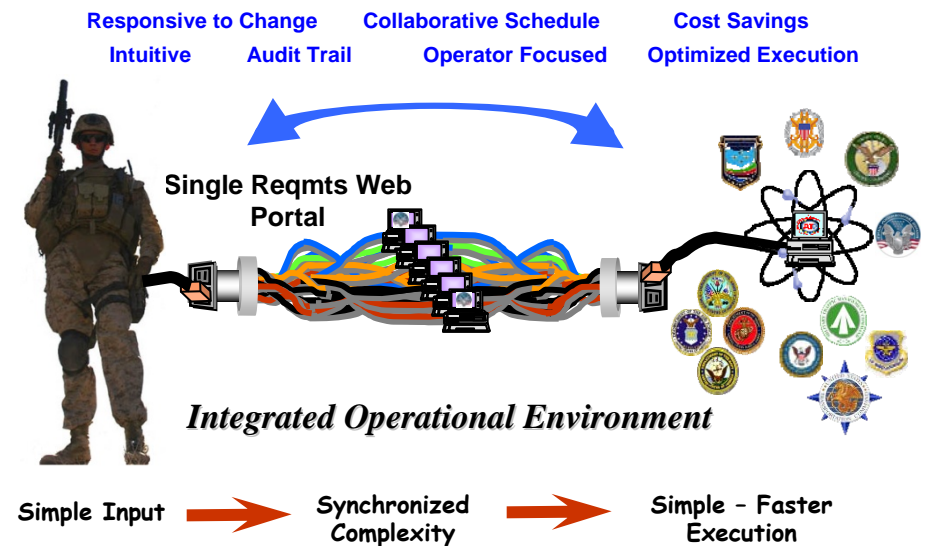

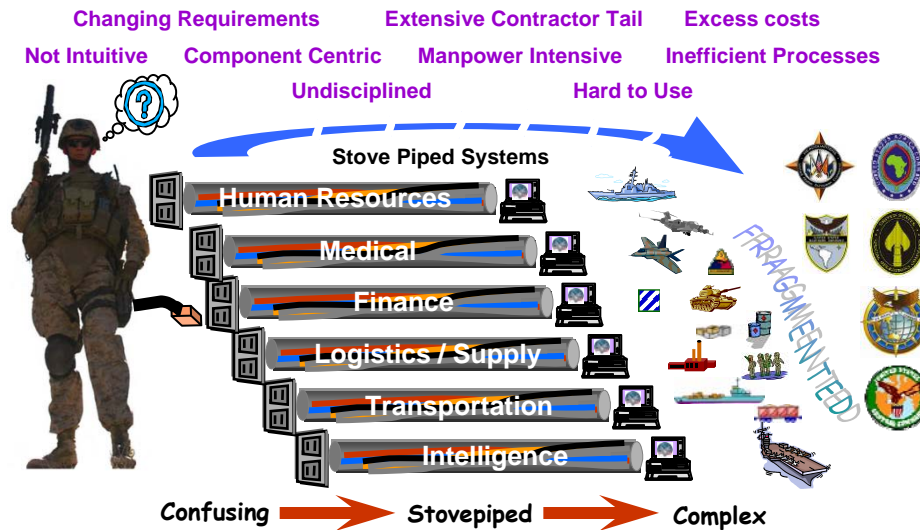

16 (a) **NEW ACQUISITION PROCESS REQUIRED.**—The
17 **Secretary of Defense shall develop and implement a new**
18 **acquisition process for information technology systems.**
19 The acquisition process developed and implemented pursuant to this subsection shall, to the extent determined appropriate by the Secretary—

DBSAE Transformational Vision

Deliver Business Capability to Warfighters

Rapid Acquisition – Of Enterprise Solutions: The “Why”

Business Systems \neq Weapon Systems

"IT"-360

Business "IT" Acquisition Speed bumps

Spheres of Influence

Transforming Testing!!!

Improve Product Quality and Predictability

- **Focus on Single Programs (not Enterprise)**
- **Test Activities Often Duplicated**
- **Lack of Common Test Tools**
- **Lack of Focus Early in the Program**
- **Business IT Tested Like Weapon Systems**
- **Decision Makers Lack Early Indicators**

- **Establish Centralized Testing Environments**
- **Merge Development & Ops Testing**
- **Reuse of Tools and Test Events**
- **Integrate Teams Prior to Development**
- **Create Business IT Testing Processes**
- **Early Visibility Improves ROI**

Goal: Greater insight throughout the program lifecycle!

Opportunity for Acquisition Transformation: Business “IT” Acquisition

Current Business IT acquisition is contrary to industry best practices

Execution Timelines

Lengthy and delay critical capabilities

System Acquisition

Acquired using DoD process for major weapons systems

Delivery

Average 91 months to deliver an initial program capability

DoD Testing

Traditionally split into four distinct disciplines

- Test and Evaluation processes provide an opportunity to:
 - Improve overall quality of delivered systems
 - Reduce delivery time
 - Enhance acceptability by end users
 - Effectively use limited funding

Gen James E. Cartwright (VCJCS): “We are building software code and tools based on the aircraft carrier development cycle”

Fighting the Storm

Developmental Testing

Operational Testing

Information Assurance

Interoperability Testing

PMs driven by testing... not driving testing!

Navigating Calmer Waters

PMs navigating through testing with purpose!

Test and Evaluation

Think like Sun Tzu...

have a heart like Clausewitz

It's Not About Technology... It's About Capability

Testing for Business Systems

Early Planning -- The way ahead to establishing integrated T&E

- **Design Integrated T&E Models based on Risk**
 - Account for risk in an applied framework
 - System maturity influences testing activities
 - **Risk leadership requires accepting appropriate risk**
- **Develop an inclusiveness across the four disciplines of T&E**
 - Developmental Testing, Information Assurance, Interoperability, Operational Testing working cooperatively vice independently
- **Establish an Integrated Test Team (ITT) early**
 - Membership extends beyond testing disciplines
 - Includes functional proponent and the program office

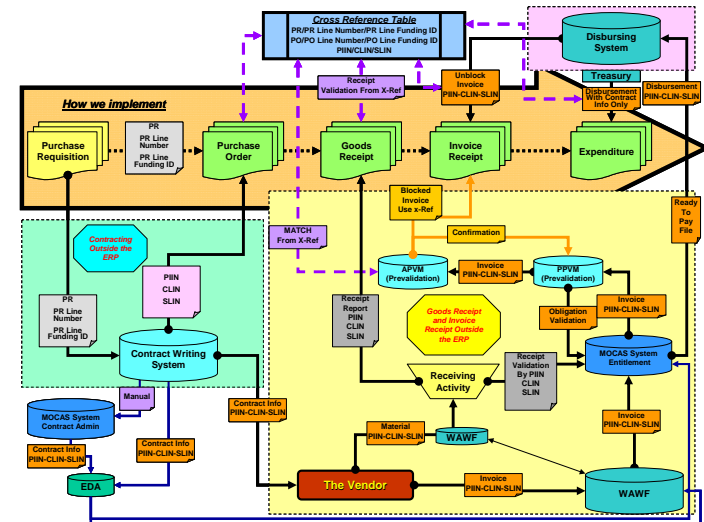

It's Not About Technology... It's About Capability

PURCHASE TO PAY PROCESS

- Purchase Requisition** (Yellow box)
 - The Purchase Order can be created from this Reference info:
 - PR
 - PR Line Number
 - PR Line Funding ID
- Purchase Order** (Green box)
 - A Goods Receipt needs this Reference info:
 - PO
 - PO Line Number
 - PO Line Funding ID
- Goods Receipt** (Green box)
 - An Invoice Receipt needs this Reference info:
 - PO
 - PO Line Number
 - PO Line Funding ID
- Invoice Receipt** (Green box)
 - An Expenditure needs this Ready to Pay File Document Number
- Expenditure** (Green box)

- **Acknowledge** current IT solutions are not adequate – corporate solutions are available
- **Determine** operational processes must change to align
- **Commit** Senior Leadership to new methodology
- **Enforce** change discipline from top to bottom echelons

Major Events

Traditional Consultant Staffing Model High-End Consultant Staffing Model

Testing Challenges

- **Tools**
 - Effectively Manage Data
 - Automate Test Tools
 - Use Checklists and Templates
- **Time**
 - Conduct event (not time) based T&E
 - Integrate Testing and Development
- **Talent**
 - Address risk with “Risk Leadership”
 - Adjust strategies based on COTS and custom development
- **Transition**
 - *Deliver* capability to the warfighter
- **Tradition**
 - Overcome rigid and inflexible approaches to testing

Integrated Business Testing Requires Transformation!

Parting Quote

Any intelligent fool can make things bigger and more complex... It takes a touch of genius - and a lot of courage to move in the opposite direction.
"Insanity: Doing the same thing over and over again and expecting different results"

Albert Einstein

It's Not About Technology... It's About Capability

A large American flag is shown waving in the wind against a sky with soft, orange-tinted clouds, suggesting a sunset or sunrise. The flag's stars and stripes are clearly visible, and the overall mood is patriotic and contemplative.

Questions?

A large American flag is shown waving in the sky. The flag is positioned diagonally, with the blue field of stars in the upper left and the red and white stripes extending towards the lower right. The sky is a pale blue with some soft, white clouds. The text "Back Up Slides" is centered over the flag in a bold, black, italicized font.

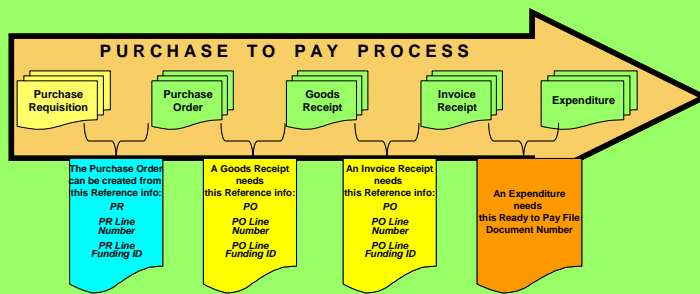

Back Up Slides

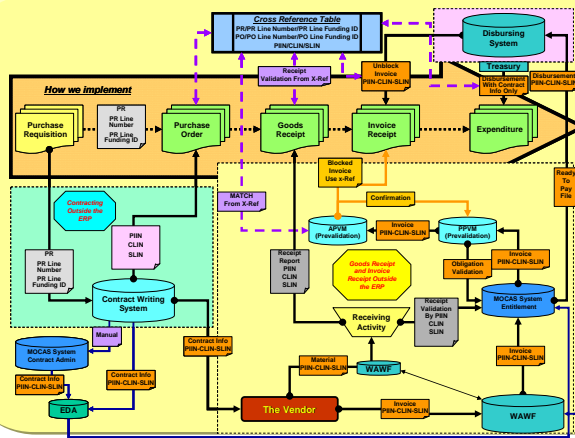

Integrate T&E at On-Boarding

- DBSAE gains programs at various stages of system development

- T&E strategies are assessed & tailored
- Apply Integrated testing framework as programs enter portfolio

- Business systems don't fit current T&E mold

Starting Integrated Testing (by Program)

➤ **Form the ITT**

- **Establish a Charter (ACE Template)**
- **ITT planning**
 - **Define the T&E Strategy that addresses a Business System Model**
 - **Participate in the Design Process to ensure a Testable Outcome**
 - **Participate in the RFI/RFQ and follow-on competitive planning processes to ensure testing considerations are included**
 - **Identify and communicate Risks to the Risk Management Team**
 - **Participate in drafting the Tailored Information Support Plan**

Summary

➤ Success is based on:

- A focus on the difference between Business Systems (COTS) and Software Intensive (Custom) Systems
- All participating agencies actively supporting the integrated test model for Business Systems
- Changes to IT (Business IT) T&E
 - Responsive to rapid, iterative development
 - Requirements priorities evolve
 - Testing must be risk and capabilities based
 - Automated Test Tools are essential
 - Early user identification/participation critical
- Teamwork!

It's Not About Technology... It's About Capability
